Research Area: Salient features of my Ph.D. research work

"Shrimad Bhagwad Geeta Ke Shaishik Evem Manovaiyanik Nihitartha"

Shrimad Bhagavad-Gita is one of the timeless treasures of philosophical thought, lighting the path to a meaningful life, be it the young or the old, be it the warrior or mendicant. The developing countries like India have been facing problem of lacking value-oriented education. To solve this problem, Bhagavad-Gita's Teachings help a lot in inculcating value education not only amongst students but also to take a greater role in building capacity for institutional leaders, further assessment of the dominant factors of Bhagavad-Gita's Teachings which influence value-oriented education is necessary for our society. My research work explores a key role of Shrimad bhagvadgeeta in all dimensions of educational system.
