

About Course: B.A.LL.B-

The B.A. LLB (Bachelor of Arts and Bachelor of Laws) course is an integrated program that combines the study of law with a broader understanding of arts subjects. This five-year undergraduate program is designed to provide students with a comprehensive legal education while also fostering critical thinking and analytical skills through the inclusion of humanities subjects. The curriculum typically covers foundational legal subjects such as constitutional law, contract law, criminal law, and more, alongside courses in sociology, political science, and economics. This integrated approach helps students develop a well-rounded perspective, crucial for a legal career. Students often engage in moot court competitions, internships, and practical training, gaining hands-on experience in legal practice. Upon completion, graduates are equipped not only with legal expertise but also with a broader intellectual skill set, preparing them for diverse roles in the legal profession, government, corporate sector, or even academia. Interpreting and analyzing the legal & social problems and working towards the addressed of such problems through application of appropriate laws. Application of ethical principles & inculcating professional ethics and to transfer these values into real life. Inclusion of practical component such as Moot Court, Drafting & Pleading skills.
