

## MENTOR-MENTEE REPORT

Academic Session: 2025-2026

The faculty of commerce has made it a practice to ensure that the mentorship system is properly implemented. The aim of higher education is to enable individuals to become self-sufficient, capable of being sustain in the society, environment, and able to contribute to the growth of a nation. Students have a wide range of backgrounds and educational experiences, and a significant part of them are from rural areas. They have no prior college experience, and as their academic careers progress, they will encounter a variety of challenges.

A set of mentees was assigned to each mentor. The mentor gave the mentee important knowledge, offered constructive criticism, encouragement and emotional support.

The following is the list of faculty mentors and their mentee.
