

MENTOR-MENTEE REPORT
Academic Session: - 2025-2026

The Department of Economics has effectively implemented the Mentor-Mentee system with the objective of providing academic guidance, emotional support, and holistic development of students.
Mentor Allocation:

Manju Lata Dwivedi Dr. Jaya Mishra Dr. Umesh Yadav

Approx. 41 plus students were actively monitored under the mentor system

Each mentor was assigned a group of mentees to ensure personalized attention. Regular meetings were conducted to discuss academic performance, attendance, and subject-related difficulties. Special focus was given to problem solving and career development

During the session-2025-2026 students actively participated in problem-solving sessions, remedial discussions, and interactive mentoring activities. These sessions helped students overcome academic challenges and improve their confidence in the subject.

Mentors also addressed personal and psychological concerns, fostering a supportive and approachable environment. Students were encouraged to participate in co-curricular activities such as debates, quizzes, and presentations.

Career guidance was provided to help students explore higher education opportunities, competitive examinations, and skill development courses.

The mentoring process helped in identifying slow and advanced learners. Appropriate remedial measures were taken, and meritorious students were further encouraged to best efforts
