Mentor-Mentee Report
Academic Session: 2025-2026

The Department of Law has effectively implemented the Mentor–Mentee system with the objective of providing academic guidance, and holistic development of students.

Each mentor has assigned a group of mentees to ensure personalized attention. Periodic meetings were conducted to discuss academic performance, attendance, and subject-related difficulties.

During the session, students actively participated in problem-solving sessions, remedial discussions, and interactive mentoring activities. These sessions helped students overcome academic challenges.

Mentors also addressed personal concerns, fostering a supportive and approachable environment. Students were encouraged to participate in workshop, Quiz, debates, Moot-court, Discussions and others co-curricular activities.

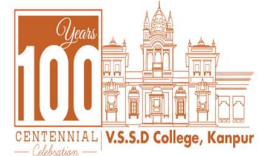

The mentoring process helped in identifying slow and advanced learners. Appropriate remedial measures were taken, and meritorious students were further encouraged to excel.
